

Y" WANTS 2,000 MEMBERS IN YEAR

To Start Campaign to Reach This Mark for First Year's Work.

ANNIVERSARY IN JULY

Present Members Will be Expected to Do Bulk of Gathering Men.

"Two Thousand Members for the First Year" is the slogan of a membership campaign to be made by the Young Men's Christian association during the month of July, closing August 1, which is the first anniversary of the opening of the Tulsa building.

"When this building was erected we thought we would be going some if we got a thousand members," said C. E. Buchner, general secretary, yesterday. "We passed this mark in six months."

There are now about 1,800 members of the association, but some of these have only partial privileges. The plan is to put the total over the two thousand mark with fully paid-up privileges.

A meeting of the board of directors was held last week and details of the campaign mapped out. The movement will start Monday with letters to every member of the association asking him to bring a new member to the association during the month.

Members Must Help. The campaign will be carried on mainly through the present members. A large chart will be placed in the lobby for the names of every man who brings a member. During the month a membership committee of a hundred men will be formed to serve a year.

The Tulsa Y. M. C. A. stands far ahead of all associations in the country considering the size of the city. Although it has been established only a year, it ranks with institutions in cities many times the size of Tulsa, having been organized for several years.

Memberships of some of the oldest associations in the country are Atlanta, Ga., 1,700; Des Moines, Iowa, 1,883; Baltimore, Md., 2,600; Washington, D. C., 2,200; Joplin, Mo., 522; Wichita, Kan., 1,200; Topeka, Kan., 1,020.

1916 CITY BUDGET IS NOT COMPLETE

Mayor and Departments Expect to Finish Estimate in Two Days.

Although Mayor J. H. Simmons and the several city commissioners were busy throughout the day yesterday going over the proposed city budget, which is nearing completion, they were unable to agree upon several items, and it is predicted that at least two days will transpire before the matter is finally completed and placed in the hands of the county executive board.

The commissioners of the different departments are eager to secure all possible money for work in their departments during the coming year, and they are anxious to announce that even if the sums appropriated last year they will be able to accomplish more than has ever before been accomplished.

The commissioners reached this conclusion after a review of working conditions during the past two months and those under which the former officials labored.

"We have brought the management of the city to a business basis, giving all of our time and attention to the administration of the affairs of the city," said one of the commissioners yesterday. "We have brought into the city hall a business administration, and with this we are able to accomplish a great deal more during the coming year than former administrations were able to accomplish even with the use of all the funds they could procure."

TULSA HORSES WEAR STRAW HATS

Humane Agent Will Institute Style for Equines During the Torrid Months.

Straw hats for horses are destined to become the rage this season.

Humane Agent A. M. Welch will inaugurate a campaign Monday to make things as comfortable for the equine class this summer as possible, and drivers and teamsters will be asked to see that the animals who have to work hard in the heat of the day are equipped with straw hats, which will shield them from the terrific rays from the sun.

Another suggestion will be for drivers who find it necessary to make long drives to carry a pail with which to water the animal at different intervals.

Every effort is being made by the humane society to protect horses and other animals. During June nearly a hundred and fifty warnings were issued to drivers who were driving with excessive loads. Several animals were ordered shot, and every precaution is being taken to keep unfit horses off the market.

According to Welch, drivers are becoming more and more careful in their manner of treating the horses. In most instances the warnings have been well received, and it has not been necessary to rebuke a driver more than once.

The report signifies that more care and attention is being shown horses and stock this summer than ever before.

Old Cafe Closes. ST. LOUIS, July 3.—The Faust, for forty-five years one of the show-places of St. Louis and world-famous as a cafe, closed tonight. The decision to close followed the failure of a plan of five hundred wealthy St. Louisans to keep the place open by monthly dues. The late Tony Faust founded the cafe in 1871.

STATE OFFICIAL DIES OF APOPLEXY

Don Lawhead, Secretary of Oklahoma State Board of Agriculture, Was at Home.

Special to The World. OKLAHOMA CITY, July 3.—Don Lawhead, secretary of the Oklahoma state board of agriculture, died suddenly of apoplexy at 9:10 o'clock tonight at his home.

Mr. Lawhead was stricken, according to those in the house, while reclining on a pillow and enjoying a cigar. He was dead when a physician arrived.

Mr. Lawhead, who was 45 years old, had been secretary of the board of agriculture for the past 13 months. Prior to this appointment he had been chief clerk in the office of the state game warden. Originally he was in the newspaper business and proprietor of the Gary Bulletin and Watonga Herald for several years.

He was well known throughout the southwest.

PROPOSE COMMISSION FOR REVENUE BILL

PROPOSE APPOINTMENT OF SIX MEN TO HANDLE RAISING OF GIANT WAR FUND

Officials Contemplate Raising Some \$210,000,000 for Use in Possible War Times.

WASHINGTON, July 3.—Creation of a nonpartisan tariff commission of six members with broad investigation powers is proposed in the general revenue bill introduced today by Democratic Leader Keating of the house. The bill is the fruit of many conferences of Democratic members of the ways and means committee and discussions with administration officials, contemplates raising of additional revenue by reclassification of the surtax on incomes, a tax on estates and on war munitions plants. The bill will be rushed through the house under a special rule for a vote next Saturday night.

The income tax section of the bill increases the normal tax on every individual and corporation to 2 percent, does not lower the \$3,000-\$4,000 minimum exemption limit, but reclassifies and gradually increases the surtax from 1 percent on incomes of \$20,000 and \$25,000 to 10 percent on all above \$50,000. The administrative provisions follow generally those of existing law. The new rates are applicable to the present year.

TULSA INDIANS TO PARADE DESERT

Akdar Shriners Will Wear Red Men Garb and War Paint at Buffalo Meet.

BOY SCOUTS SET UP CAMP

Recruiting Station for Juniors Established on School Ground.

Akdar Shrine of the Temple of Tulsa will see to it that the great desert, destined to spring up in Buffalo, N. Y., July 10 on the occasion of the forty-second annual imperial council, will be a grandly populated with some three hundred "Injuns" and for sure-to-goodness Indian band.

Patrols and members of every Shrine in the country will participate in the opening night in a grand parade in which every known garb and costume will be seen. It has been decided to paint the sons of Akdar in regular war paint and feathers for the occasion. The Tulsa delegation will be headed by the famous Akdar \$17,000,000 band in full war regalia.

The novelty has been definitely decided upon and the idea met with great favor when proposed to a special all steel caravan for the Empire state July 7. Faces of the Tulsa warriors will be decorated with the elaborate designs done in water colors while brilliant headresses of feathers will be worn by each.

On all other occasions the patrol and band will wear the elaborate uniforms but they will be good Indians on opening night.

JUVENILE OFFICER FINDS HANDS FULL

Summer Vacation Months Means Increase in Labors.

MANY BOYS TROUBLE

Humane Society Finds Lots of Help Must Be Given.

The closing of school doors for the summer months has served to increase the work of the juvenile department of the Humane society twofold, according to the monthly report given out yesterday by Humane Agent A. M. Welch. During June it was necessary for the agent to make 160 calls in juvenile work.

The last month has been one of the heaviest in the history of the society," said Mr. Welch yesterday. "Most of the boys have obtained jobs for the summer months since school closed, but there are many troublesome ones who keep us busy every minute."

"While the whole report is exceedingly heavy I can best compare it to the seasons and the things that go with them. In the winter it is the gas bill, while in the summer the money goes to the ice man."

The report in full follows: Investigations, 190; calls in sickness, 74; orders for groceries, 16; persons furnished clothing, 125; pieces of clothing furnished, 50; pairs of shoes furnished, 70; rent paid for, 3; gas bills paid for, 1; tents furnished, 2; transportation furnished, 12; calls in juvenile work, 160; boys paroled, 5; girls paroled, 2; sent to state industrial school, 1; runaway boys returned home, 2; children placed in homes, 2.

Detention home—Persons admitted to home, 7; persons discharged, 8; home at present, 19; daily average, 12; persons calling for nurse, 15; professional calls by nurse, 70; visitors to home, 61.

Stock—Warnings in overloading, 126; horses taken from streets, 22; horses cared for, 5; horses ordered re-shod, 3; condemned as unfit for sale, 4; ordered killed, 3.

AUSTRIANS COLLAPSE BEFORE SLAV ATTACK

SOME 217,000 PRISONERS HAVE BEEN CAPTURED SINCE JUNE 4. IS OFFICIAL REPORT.

Armed of Czar Continue to Drive Back Enemy South of Dnieper, With Great Loss.

PETROGRAD, July 3.—(Via London, 8 p. m.)—Russian troops continue to drive back the Austro-Hungarian army in the region south of the Dnieper river in Galicia, says the Russian official statement issued today. Many places south of Kolomea have been occupied by the forces of Emperor Nicholas. It is announced that on June 28 and 29 General Letchitzky took prisoners 315 officers and 14,574 men, making a total of 217,000 Austro-Hungarians captured since June 4.

The statement says: "Our left wing continues to drive back the enemy over a front situated south of the Dnieper and has occupied many places to the south of Kolomea."

"Northwest of Kolomea our troops, after a violent engagement threw back the enemy in the direction of the heights near the village of Brozova and as the result of a brilliant attack took a portion of the heights."

"The number of prisoners taken by the army of General Letchitzky during the 24th and 25th of June was 315 officers and 14,574 men. Four guns and thirty machine guns were captured. The total number of prisoners taken from June 4 to June 29, inclusive, amounts to 217,000 officers and men."

Big Time on Fourth. GUTHRIE, July 1.—All preparations are completed for a great celebration here on the coming Fourth. The parade of beautifully decorated autos, in classes and appropriate sections, will form an important feature. During the afternoon an oration will be delivered at Mineral Wells park by Dr. Charles Evans of Central Normal.

The evening will be taken up with artistic and elaborately mounted historical tableaux, representing all the great colonial and revolutionary events. It will be strictly a "safe and sane" proposition, but with plenty of interesting and amusing incidents lasting all day and evening, all absolutely free.

CLIMBS DOWN LADDER AFTER ARM IS MANGLED

Sheer nerve saved the life of B. M. Drum, a carpenter, yesterday afternoon when his right arm was torn to shreds while he was climbing the construction tower of the new federal building, corner of Third and Boulder.

The man had almost reached the top of the tower when the concrete ladder descended and caught his arm, which was inside the tower. Crazed by pain, he swung out from the tower, yelling and screaming for help, but the men below him seemed petrified and did not move to aid him.

After a brief interval during which no one started to rescue him, Drum began a slow, painful ascent of the ladder. Hung by a rung he drew his aching body. With a final desperate effort he flung himself onto the platform at the top of the tower and fainted.

Workers reached him soon and he was sent to a local hospital. He is married and lives at 344 South Xanthus.

RUSHING BUSINESS AT TICKET OFFICE

Prisco-Santa Fe Sales Break All Records in June; July Starts With Jump.

July began with a rush in the Prisco ticket office yesterday and the office man was working far into the night last night trying to catch up with the day's sales records. It was one of the busiest days ever known in the local office, five men being kept in constant action all day.

E. M. Young, general agent, completed reports for the month of June yesterday and although he is not allowed to give out any figures, announced that it was the biggest month in the history of the Tulsa office.

FINISHING TOUCHES ON TWO BUILDINGS

Gallais and Culbertson Structures Nearing Completion; To Be Occupied Soon.

During the past weeks the building activities in Tulsa have attracted additional interest from the fact that several expensive buildings have been started, while others are nearing the stage of completion and in some instances have been finished and the occupants have begun to move in.

The Gallais building has been the scene of active work by finishers and front-fitters, and within the next ten or fifteen days the glasswork and sills will be in place, in this large addition to Tulsa's downtown office building sector.

The workmen on the J. J. Culbertson building on West Fourth street have been urged to complete the building just as quickly as possible and are pushing all branches of the work to an early completion.

The same is true of several of the other and more expensive residences in the city, while the foundations for equally as many and equally as expensive have been begun and work on them will be rushed.

Had it not been for the shortage in the sand supply, the building activities during the past two weeks would have rivaled any such period in the history of the city, but due to a dearth in the supply, several contractors were unable to push the work of completion of several buildings, and only the branches of construction which require no sand have been able to proceed.

Even under this handicap the building inspector's report shows that contracts for a great number of buildings have been signed by the local contractors and the prospect is for a greatly stimulated work in this branch of city building within the next two weeks or month.

CAMPFIRE GIRLS REACH TAHLEQUAH

Sixty-five Young Ladies From Over State Go Into Encampment on Illinois.

SPECIAL TO THE WORLD. TAHLEQUAH, Okla., July 3.—Sixty-five girls arrived at 2:30 o'clock this afternoon to begin the encampment of the Campfire Girls of the state. They were immediately taken to camp. Representatives of the Commercial club of Tahlequah met the train bringing the girls and provided automobiles for them to go to the camp, which is six miles from the city.

Everything was in readiness when the automobiles arrived, even down to a chicken dinner, prepared by the camp cook. Tents with wooden floors are ready for occupancy. The river is within its banks for the first time in several weeks.

A full program has been provided for tomorrow, including a school, sports, sessions in the afternoon, and a talk by one of the Tahlequah normal school professors in the evening. The regular schedule will begin Monday.

GOOD RECORD AT RIFLE CLUB SHOOT

Weekly Affair Brings Out Many Members; Have Guns Left for Distribution.

Twenty members of the Tulsa Rifle club participated in the weekly shoot held on the club range Saturday afternoon. The club has ten more Krug rifles to be distributed to club members who wish to use the range.

In the two hundred-yard range, full fire, G. A. McDonald led with 91, while D. W. Franchot made 89 and S. W. Parsh 87. A. M. Elliott made 85 in the 200-yard magazine fire, and also led in the 200-yard range from post rest with a score of 18. J. A. Seekatz made a similar score. Elliott scored 19 and Seekatz 17 in the 300-yard kneeling event. In the 400-yard range, sitting, E. F. Moore scored 23, G. W. Davis 15 and J. A. Seekatz 10.

In the small bore 50-yard range E. F. Moore registered 171, C. R. Gilmore 155 and A. M. Elliott 145. This was in connection with the outdoor small bore league, of which the Rifle club is a member.

PLUMBER'S PERMITS BREAK ALL RECORDS

Plumbing and Electrical Inspectors Make Gratifying Monthly Reports.

The building inspector's permits for the past month show a great increase over the totals of the preceding month or of the corresponding period of last year. For the month of June, 1916, the fees collected in the plumbing department's office reached a grand total of \$415, or an increase of almost 300 percent. There were 204 permits issued, compared with about half that number for the same period of 1915.

The fees collected by this office for last month were totaled at \$302.50.

In the electrical inspector's office 137 permits were issued and \$110.40 was collected in fees. This compares very favorably with the record of May, when \$248 was collected in fees, and a 100 per cent increase over the permits issued in June, 1915, when \$112.50 was collected.

RECRUIT SEVEN MEN FOR REGULAR ARMY

Sergeant Roby Reports Good Week's Work in Local Recruiting Office.

Sergeant Roby, U. S. A., announced Saturday that during the week he had received for shipment into the United States army seven recruits through the Tulsa station. Of this number three sought service and were assigned to the coast artillery, and two were assigned to the cavalry branch of the service.

The past week's recruiting was greatly stimulated by the prospects for immediate action of the soldiers now concentrated on the border and by the announcement that recruits who were assigned to the several branches of the service were at once placed with regiments on the border, without customary service at inland army posts where they would receive months of drilling before being assigned to organizations.

Too Suggestive. Some time ago representative Howard of Georgia sent out some copies of eulogies which had been delivered in congress on members who had died. Our Clothes Stand Comparison

—Make Them For Yourself

Before a business man gives out a contract, he gets estimates, and compares qualities and prices.

He doesn't give the job haphazard, to the first one who asks for it. He wants to be sure that he will get the most and best for his money. Only after he has seen and compared, does he place his contract.

We buy Clothing — and everything else—that way. Why don't you?

If you could see the comparisons we have made with various makes of clothing—and the results—you would open your eyes in astonishment.

You would wonder how any man could buy clothing elsewhere, after seeing the values we offer, and the demonstrated superiority of the Schloss-Baltimore Clothes we sell.

If every man knew what he could save by buying here, very few men would buy elsewhere. And the way to know is to make comparisons. We welcome them—invite you to make them. Naturally we wouldn't ask you to compare our goods with others unless we knew how they stood.

We have the very best values in Men's and Young Men's Clothing at \$15, \$18, \$20, and up to \$40. Come and see for yourself!

SINCLAIR DONATES TO AIRSHIP FUND

Gift Creates Interest and Many People Sent Contributions to Company C.

The donation by H. F. Sinclair of a check for \$1,000 to the Oklahoma national guard, the money to be placed to the credit of the "aeroplane fund" which is being solicited for the purchase of an aircraft to be used in connection with the field operations of the First regiment, Oklahoma national guard, created much interest in this fund in Tulsa and it was announced that upon receipt of definite information as to the amount already in the fund and the disposition to be made of it, several other large contributions would be made by Tulsa business men.

The small contributors, too, have not been overlooking an opportunity to do their "bit" to make the life of the boys of Company C, Tulsa, a little more homelike and several large shipments of cigars, direct and tobacco, were sent to the headquarters of Company C yesterday by Tulsa citizens.

One shipment was made by C. W. Daley and consisted of several hundred packages of tobacco and papers. There is a contribution box in the Daley cigar store in the New Bangle building and when enough money is contributed to purchase a case of tobacco, cigars or chocolates, this is done and the shipment is made direct to Captain Alva J. Niles.
